

CODE: DO

POLITICAL USE OF PUBLIC FUNDS

Since the Kittery School Department is funded with public dollars, therefore, the salaries, supplies and materials are paid by taxpayer monies. The Kittery School Committee wishes to make it clear that no part of public funds can be spent on the support or defeat of an issue and/or candidate that is on the ballot in a public election.

The Kittery School Committee recognizes that it cannot control the time or energy of employees when on their own time, and this policy addresses the working day of employees and supplies and materials purchased with public funds.

Adopted: November 6, 1990

Revised: July 5, 1994
