

CODE: IF

STUDENT PLACEMENT

The goal of the Kittery School Department is to place each student in a classroom environment that will successfully meet his/her academic, social and emotional needs. The Kittery School Department is also committed to providing equitable educational opportunities for all students.

The Kittery School Department respects and values parental concerns regarding their children's educational needs. The Department will consider these needs in making final student placement decisions based on the Department's placement criteria.

The Building Principal will include outreach to and communication with the stakeholders, including students, parents, teachers, and other professional staff. The Principal will use this input and other appropriate information in the placement process.

The Superintendent will ensure the development, review, and distribution of written placement criteria and procedures, K-12.
