**ADULT EDUCATION PHILOSOPHY**

In keeping with the Kittery School Department philosophy that learning is a life-long process, we believe that in order to enable citizens to continue their education, we can provide quality, current and accessible educational programs designed to meet their needs and to give them the opportunity to reach their full potential. Through the establishment of a High School Diploma program, all adults and students of at least 17 years of age and out of school have the chance to complete high school and have the opportunity for personal growth and advancement.

Adopted: July 5, 1994
