

**CODE: IKACA**

**PARENT CONFERENCES**

Communication between parents and the school may take several forms: parent conferences, progress reports, telephone conversations, and letters. The Kittery School Committee believes that the most beneficial form of communication is the parent-teacher conference because the information gathered from such meetings can be helpful to both parent and teacher. Conferences will be scheduled from time to time, and the Committee encourages teachers and parents to meet frequently, in addition to regularly scheduled conferences.
